@ pga sale group**

Welcome...
**to the 18TH Annual
PGA sale**

*On behalf of the
consignors I would
like to welcome you
to experience the
PGA in Moose Jaw!*

*The PGA sale is not just another
sale – it is the sale where cattle producers from the prairies
provinces gather to celebrate the awesome Gelbvieh breed.
As always the cattle market and the weather play major roles
in how decisions are made on all of our operations and the
PGA sale group consignors have chosen their contributions
very carefully to promote and enhance the Gelbvieh breed.
The cattle on offer will go and work in the real world with a
great selection of bred heifers, open heifers, commercial
bred females and a 2018 pick of heifer calves.*

*The cattle will be stabled at the Moose Jaw Exhibition
grounds and the sale will again be held at the Grant Hall.
Come and check out the cattle and then enjoy the hospitality.*

*If you have any questions about any of the consignments
please do not hesitate to contact the sale staff.*

See you at the sale!

% Kirk, Ian, Wayne & Lee

PGA HEIFER LOTTERY

The partners started a heifer lottery in 2010. Individuals that have made purchases in previous fall sales will be entered into a lottery. The number of purchases made by an individual will determine the number of entries they will have in the lottery. The winning individual will be awarded \$500 to be used towards a purchase of a female in this year's sale. **This Year's Winner is Lawes Gelbvieh – Kevin & Bonnie Lawes**

JUNIOR DISCOUNT

Junior discount of \$100 for
any purchase by a

Man/Sask & Fun Auction!

Saturday Dec 8, 2018 following the sale. ManSask members may bring donation items to the sale to be sold after the PGA sale, proceeds go to the Man-Sask Gelbvieh Association.

Terms & Conditions

CATTLE INSPECTION: All cattle will carry ear tags corresponding to lot numbers. We encourage inspection of the sale cattle at the farm any time prior to the sale.

ANNOUNCEMENTS: Announcements made from the auction block on sale day shall take precedence over printed material in the catalogue. It is therefore the buyer's responsibility to pay attention to any such announcements.

HEALTH: Overall herd health is excellent. Official vaccinates are designated.

PREGNANCY: All bred females will have been examined prior to the sale.

EXPORT SALES: PLEASE MAKE YOURSELF FAMILIAR WITH THE HEALTH REQUIREMENTS IN YOUR STATE. Bangs vaccinations are noted as O.C.V. In the event that animals are sold to the continental U.S.A., the animals will be kept under excellent care; health tested and have export health charts supplied at cost. Release of export animals will only take place upon full and complete payment of such animals

AGENT ONLY: It is clearly understood that the sales management is acting only as intermediary between buyer and seller and is not responsible for any failure by either party to live up to their obligations. Any legal action that may in extreme cases have to be taken must be between the buyer and seller and will in no way involve sales management.

MAIL/PHONE BIDS: Mail or phone bids may be entrusted to any of the sales staff.

INSURANCE: Insurance agents will be present at the sale to cover all insurance needs.

ACCIDENTS: Although every precaution will be taken to protect the safety and comfort of buyers. Neither sales management, auctioneer or the owner assumes any responsibility in these matters and disclaims any liability or otherwise in the event of accident or loss of property.

TERMS OF SALE: Terms of sale are cash or cheque at par, payable sale day. No release will be given without satisfactory settlement. Registration papers will be transferred upon full payment.

HANDLING: Each animal becomes the property of the purchaser when sold and will be maintained at the purchaser's risk. Due care will be exercised to ensure the animals' safe welfare.

ALL PERSONS who attend the sale do so at their own risk and the owners, management and sale staff assume no liability, legal or otherwise, for property loss or for any accidents that may occur.

HL 4F is a direct daughter of VV Zake 114Z. The Zake calves have exceeded our expectations and possess quiet dispositions, hair, and plenty of eye appeal. For stockman that read footnotes you will notice both red heifers offered in the sale are a product of the FRL Fayet 441Y cow family. This family originated out of the FRL program and surely ranks among one of the most popular families in our program. The 441Y family is notorious for their easy fleshing ability, length of body and superior udders. 4F is a standout and would be highly competitive in the ring or would be an excellent addition to the front pasture. This female is halter broke and backed by a true cow family; don't miss your opportunity to own a member of the Fayet family.

HL 17F is a daughter of Sir Arnold K114. For those who are interested in history and wonder how K114 became a cornerstone in our program stay on track and continue reading if not flip to the next page. In the fall of 2000 Cam Seidle attended the Arnold Bros Dispersal in South Dakota. I received a call from Cam and he talked about this bull calf that he thought to be very impressive, he went into a great detail about the calf and his structure his hair coat how much spring and depth of rib and how quiet he was. For everyone who knows Cam I appreciated every detail as he left no stone unturned. So to cut to the chase Cam ended the conversation in saying "I don't know if he is a breeder but he is one of the best commercial bulls I have ever seen." After that phone call I had made up. Buy the Bull. Thanks to Cam Seidle we ended up buying a true breeding piece, and haven't looked back. Onto HL 17F another member of the treasured Fayet family, Her dam is sired by SLC 111Y who makes his daughters dark red functional and highly productive. HL 17F has the look and angularity needed in females today. Combine that with her excellent dark cherry red hair coat and her calm and gentle nature. This fancy number is halter broke and ready to compete.

HL 305F is another outstanding daughter of K114, she is the first Black K114 EVER OFFERED and she is a unique one. Wagner's Biene 305F is long bodied, extra capacious made and maybe the most gentle bovine North of the TransCanada Hwy. Biene is royally bred in the angus world backed by Settler 004X and the renowned Biene cow family which originated in the KBJ program. The Biene's are extremely popular for their eye appeal, and strong udders. This Balancer female really showcases gelbvieh genetics backed by a strong Angus cow. Don't miss Biene. She is an absolute treasure and sells halter broke.

FLAD Formula 20F is one of the few females we will be offering from the multi time champion RWG Right Combination 5506 (RC). The RC calves have style, barrel, excellent foot structure and are consistent. FLAD Fladeland Agenda 13A is a very complete, tidy uddered female that is making her mark in our herd. She has raised herdsires that walk for BNH Livestock & Brittain Farms (FLAD Viper 18C), and Twin Bridge Farms Ltd (FLAD Eberle 59E).

Here is a very stylish JRI Gung Ho daughter that is sharp fronted with a beautiful head shape. We are very excited for the first set of Gung Ho females that will calve in 2019, as he has proven himself to make great females that are hairy, deep ribbed, feminine and sound structured. Her dam is a very complete, moderate framed black cow with an excellent udder.

Twin View Livestock AWB Birch's Bojangles 24C - sire

Fir River Crosby 806A service sire

has exceeded our expectations at every stage with heifer safe calving ease to major growth curves. His sons have been well received and we are excited to get his daughters into production. Wicked 15E began at just 70 lbs and had an actual weaning weight of 752 lbs. As an added bonus she is DNA parent verified and is homozygous polled. She hails from the same cow family as one of the lead off bred females in the 2017 Wish List selling to Dusty Rose Cattle Co. Much like that popular female, she sells safe to Crosby and is believed to be carrying a heifer calf. You can expect Wicked 15E to set down a beautiful udder and be an awesome mama cow for years to come!

Twin View Emma 108E is an exceedingly stylish individual; beautiful from every angle. She floats on the move and is tremendously sound in her design. We simply can't say enough about the quality of the Blk Powder daughters in production! A Blk Powder daughter was one of the highlight females in last year's Wish List sale now calling Fir River Livestock home. The Emma females became one of the most prominent cow families in the McCoy herd and 108E's pedigree reads with a long list of influential sires in the breed including Yukon, Beretta, 5D and Fully Exposed. Twin View Emma 108E has all the goods to create her own cow family including the baby she's carrying. Our vet believes she is carrying a heifer calf by AWB Birch's Bojangles 24C who has blown us away with his versatility. He calves well but provides huge performance, muscle mass and shape to his progeny. Emma 108E is DNA parent verified.
